

# Technology Information Systems, LLC

## Capability Statement

Your Success is our business!

### Executive Summary

TIS is headquartered in Springfield, Virginia, just outside our nation's capital. Our staff consists of a group of talented and dedicated specialists that carry out our company's mission with innovative problem solving, dependable service, and always with the client's needs in mind. With a focus on Cisco and Microsoft technologies, we strive to provide the finest and most reliable service in the market. Our core strengths include, but are not limited to; platform migration, infrastructure engineering services, help desk support, complex systems integration, software development, database implementation, administration, information management, internet and intranet integration, training, and critical infrastructure protection.

We have applied these competencies to a wide range of fields in government and business - from U.S. Courts and the department of Justice, to law firms, financial and health care services. By teaming with other industry leaders, we continue to develop innovative, cutting edge business solutions for the modern day Tech environment.

Technology Information Systems, LLC was established in 2008 and is a minority owned business . We are a CCR registered business that is a certified Microsoft partner. We are also SBA 8(a), and SWaM certified organization which provides quality and time efficient service to our clientel.
